

2010 ANNUAL CONFERENCE **"EDUCATION FOR TRANSPORTATION PROFESSIONALS"**

The Transportation & Logistics Council and the Transportation Loss Prevention & Security Association are proud to announce the 2010 Annual Conference, "Education for Transportation Professionals". This will be the 9th annual conference co-sponsored by the two organizations and will be held at the beautiful Catamaran Resort Hotel located on Mission Bay in San Diego on April 19-21, 2010.

Acclaimed as the best educational program in the industry, the focus of this year's conference is on "Best Practices". This is a "meat & potatoes" conference - the educational sessions are presented by top experts and experienced practitioners who give you information and advice that you can take back and use in your every day business. In addition, Hospitality Suites on Sunday and Monday evenings, and the President's Reception, which will feature a dinner cruise on Mission Bay, provide opportunity to build relationships and share experiences through networking with other transportation professionals.

Preceding the regular program on April 18th will be three optional full-day seminars, followed by two and one-half days of general sessions and specialized workshops. The full program, together with registration forms are attached.

Please visit the Council's website at <http://www.tlcouncil.org/> for more information about the Conference program, on-line registration and hotel reservations. Sign up soon if you want to save \$\$ - "Early Bird" registration expires on March 1st!

2010 Annual Conference Program

Optional Full-Day Seminars on Sunday, April 18, 2010

1. Contracting for Transportation & Logistics Services - Presented by Raymond A. Selvaggio, Esq.

An intensive workshop on the practical and legal aspects of contracting for both purchasers and providers of transportation and logistics services. Includes a review of important legal principles, statutes, regulations and a "walk through" and in-depth discussion of actual contract provisions, terms and conditions.

2. Freight Claims in Plain English - Presented by Gerard F. Smith, Esq.

Based on the newly-published 4th Edition of the text by George Carl Pezold & William J. Augello, this session covers basics of carrier liability, bills of lading, burdens of proof, defenses, damages, limitations of liability, time limits, liability of freight forwarders, intermediaries, warehousemen, air and ocean carriers.

3. Transportation, Logistics and the Law - Presented by Brent Wm. Primus, JD

This unique one-day course based upon Bill Augello's landmark text is designed to provide a basic working knowledge of the laws and regulations affecting the supply chain and those governing the relationships between the parties -- shippers, carriers, and intermediaries. This is the vital information you need for minimizing risks and protecting revenues for your organization, and for your own individual professional growth.
